

Achievements

Crimestoppers continues to go from strength to strength and the 2006/7 annual review sums this up in one word, achievements. It builds on the successful approach of the 2005/6 document with the same name. Inside, the 28 page publication adopts a magazine style layout using some of the photography commissioned during the year to bring the stories to life. Punchy statistics, quotes and facts are added, making the review incredibly easy to read.
